Program vs Total Pass Percentage

NOTES:

- (1) A percentile rank indicates the percentage of scores at or below the corresponding mean scaled score. Percentile ranks are rounded to the nearest whole number.
- (2) These percentile ranks were not obtained by comparing your school mean to all other school means, but rather by comparing the mean score of your program's graduates to the distribution of scores for all graduates.
- (3) Mean scores and percentile ranks based on few candidates are not stable and should be interpreted with caution.
- (4) To ensure student confidentiality, dashes indicate either too few candidates, or data is not yet available, or does not apply.
